

## Are you prepared for the PMBOK Fifth Edition?

The Project Management Institute (PMI) released the fifth edition of The PMBOK® Guide in January 2013. What does this mean to you? If you plan to take the exam after August 1, 2013, you should prepare for the Fifth Edition. The Skillsoft program is here to assist you with this change.

Skillsoft provides a complete project management solution for those professionals who wish to become certified. As a PMI 'Registered Education Provider,' Skillsoft offers a range of learning resources that can help prepare a learner for the PMI certification exam and help certified professionals keep their certification in good standing through professional development.

Please review the lists below for specific courses aligned to the exams. Although the exams are separate, the same Skillsoft courses can be used to prepare for either the PMP or CAPM certification.

More information on how Skillsoft supports PMI is available at:

<http://www.skillsoft.com/about/accreditations/>

## CAPM & PMP Exam Courses + Mentoring and TestPrep

CAPM and PMP certification preparation consists of 30 eLearning courses plus access to a mentor to chat with to answer questions and a simulated test to prepare you for the types of questions that will be asked on the certification exam.

Please note that Skillsoft does not provide the actual certification exam and that this must be done through a PMI-approved testing center.

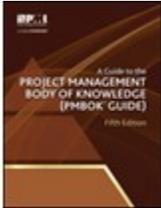

Course Title	Course Number
Managing Projects within Organizations (PMBOK® Guide Fifth Edition)	<a href="#">proj_19_a01_bs_enus</a>
Project Management Overview (PMBOK® Guide Fifth Edition)	<a href="#">proj_19_a02_bs_enus</a>
Project Management Process Groups (PMBOK® Guide Fifth Edition)	<a href="#">proj_19_a03_bs_enus</a>
